

200 Classic PVC Solvent Cement

**Regular-Bodied Clear Solvent Cement for Bonding
PVC-U / PVC Pipes & Fittings**

A classic, clear, regular-bodied PVC solvent cement specially formulated for bonding PVC-U and PVC pipes and fittings. Designed for easy application, it provides fast setting, exceptional bond strength, and long-lasting, reliable joints.

Fast Setting	Strong Fusion	Durable	Waterproof	Stable Storage	Clear Colour

Code	Description	Colour	Content	Packing
N200100	Classic PVC Solvent Cement	Clear	100 ml / can	60 / carton
N200500			500 ml / can	24 / carton
N2003L			3.0 L / can	10 / carton

Applications: Ideal for bonding and joining rigid PVC-U and PVC pipes and fittings up to 100 mm in diameter. Once fully cured, it is suitable for potable water pressure systems, irrigation, wastewater and sanitary pipelines, industrial piping, electrical conduits, and a wide range of rigid PVC piping applications.

PVC Water Pipe	PVC Irrigation System	PVC Electrical Conduit
